

Refugee4refugees #SAMOS I THANKYOU!

"As over 7,000 people remain in Vathi Camp during winter, our volunteers have been distributing thousands of items of clothing thanks to the support of our amazing donors! Over the past few weeks, we have received a truck full of winter clothing items and baby food from @aidhoc (www.aidhoc.org), while Barlaeus Gymnasium together with Human Aid Now sent 17 pallets of clothing to support the camp population during the cold and wet weather."

EchoPlus on Leros:

"Dear Mrs Siebbeles, Dear students and parents of the Barlaeus Gymnasium, We just learned that the Barlaeus Gymnasium community has yet organized another cloth and shoe collection on behalf of the refugees currently stuck on the island of Leros in Greece. –This is incredible! Thank you so much! – You cannot imagine what this means to people who have basically lost everything – beloved ones, home, work, education; even their luggage and personal belongings were taken off them, since smugglers try to fill the boats to maximum capacity! Supplying the refugees with warm clothes, shoes, blankets and camping mats, is not a lot, but it is all we can do for them. We thank you from the bottom of our hearts for helping us to stock up on these items and for your solidarity and generosity!"
